Rehabilitation & Recovery

We are dedicated to providing patient-centered care in a stress-free environment so our residents can focus on their recovery. Our goal is to return you to your activities of daily living like bathing and dressing, as well as working in the garden and enjoying life again.

At Hacienda Oaks, our board-certified therapists offer skilled intervention with an emphasis on rehabilitation, recovery and comfort in an in-house setting. Our beautiful rehabilitation gym has state-of-the-art equipment to allow residents to achieve optimum levels of independence and self-sufficiency. We also offer the newest modalities like E-Stim and Diathermy. All of our therapy programs are monitored by Dr. Xin Zhang, our board-certified Medical Physiatrist (Doctor of Physical Medicine and Rehabilitation).
